PRINCIPAL'S MESSAGE

"We give thanks to you O Lord, for the gift of life You made us in Your image and we are your gift to the world."

We have been going through testing times but it is the Almighty who has protected us and our families. We are much grateful to Him for He has shown us the way to fight all odds and evolve victorious. In spite of temporary illness, our teachers and students have successfully completed an academic session that was not

easy. I congratulate all of them for not letting the system of school education collapse.

It gives me immense pleasure to look back at the academic and non academic activities that we conducted throughout the session. We could live up to the expectations of all stakeholders and improved ourselves with each passing day. We look forward to better days and hope the Lord will soon heal the world and the classrooms will reverberate with the sound of joy. We have come a long way and we have a long way to go and the cooperation of each stakeholder is equally important. Together, we will reach the apex of school education.

Alpha has always been my personal favourite. The colourful pages of this magazine help us realise how talented our children are! It gives an opportunity to our students to nurture and showcase their writing, painting and photography skills. This edition of Alpha is also a beautiful book to be treasured for life.

SECRETARY'S MESSAGE

Thank you very much for this opportunity to send my message for this magazine.

The pandemic has devastated the whole world and things are noe like never before. Although we have lost much we have also learnt and grown in ways that are unimaginable. One of the things that we have all adapted to is the brilliant use of the internet. It has now become an integral part of our lives and our educational experience. One could not have imagined this a few years ago.

Mrs Lalitha Victor Secretary

The school is now on the brink of its silver jubilee and it stands as testimony to God's goodness and faithfulness over these two and a half decades. We have changed amd grown in many ways and under the younger and more dynamic leadership? am confident that we will emerge better equipped to deal with the challenges of the future. I am reminded of the verse in the book of Lamentations:

"The steadfast love of the Lord never faileth, His mercies never come to an end. They are new every morning".

Assembly of Christ School stands as a witness to the truth of this testimony.

As we release this magazine, let us renew our commitment to the ideals of its Founders. May both the school and The Sushila Memorial Hostel be a beacon to the city and a place of true learning.

My grateful thanks to all who labour in this endeavour. May God bless us all.

DIRECTOR'S MESSAGE

"Everybody is talented because everybody who is human has something to express "At Assembly of Christ School, we believe in giving equal opportunities to our students as each one of them is special and precious to us. Each one of them is talented in his or her own way. We create opportunities for our students to express themselves through their writings, painting, art work, music, dance and photography besides their academic skills.

Alpha, been evidence of the same. This edition of Alpha is special as this is an account of a session that was almost entirely online. However, as we say, where there is a will, there is a way, no hurdle, natural or man-made could obstruct us from reaching out to our students and letting them know that what may come, we are there to hand-hold them and lead them to a world of creativity. Each paper of this magazine is a witness that we have lived together, a goal that has been achieved together. As the Director of the school, I congratulate every student, parent and teacher for making this possible. I promise to extend my support in every possible way to keep up the success saga of the school.

MESSAGE FROM ADMINISTRATOR

Dear ACS family.

I write this message to you from many miles away, and from across several continents and seas.

I take this opportunity to wish our dear school a very happy Founder's day. The legacy of my grandparents has now reached its fulfillment as we enter into the 25th year. The school has withstood many storms and difficulties and yet we have emerged stronger for it.

Ms. Karen Korati Administrator

We can now surge forward trusting that God will lead us into a future that is secure. I thank all who have stood by us and have surrounded us with love and prayers. May we move into this new year in faith and hope and love. May God bless us all

EDITORIAL

On behalf of the Assembly of Christ School, I would like to welcome you as you browse through our e-magazine. I hope it will give you a flavour of our wonderful school. I am very proud of our school, our pupils and their successes — a true school which values each child as an individual and fosters a love of learning.

I feel privileged to be a team player of such a wonderful school and to have the opportunity to ensure that each child receives the best possible education in their formative years. As a non-selective school, we do not 'cherry-pick' those children who happen to do well in a set of exams when they were young. However, we do expect the very best from

Calvin LaPorte Editor-in-chief

our students. This philosophy is not about reaching potential, it is about growing potential — giving our students the opportunities and encouragement to help them understand that they can achieve much more than they first realise.

Our students are challenged to have courage, learn new things, develop new skills and deepen their understanding. Learning is best achieved in a collaborative community which inspires and encourages ambitious minds with high quality and dynamic teachers being the driving force behind such a setting. We prepare 'Thinking Children', As a result, our students leave The Assembly of Christ School with the essential character traits of integrity, tolerance and resilience, and with excellent ICSE 1750 results.

We have an aspiration for all our children that through their school journey they will fulfil their academic potential and become successful lifelong learners. In addition, we endeavour that our children will possess high levels of both social and emotional intelligence so that they are well placed to succeed and thrive in the future, becoming active and productive members of society.

The school e-magazine may only give you a small snapshot of work done at ACS. To really understand what we do, I welcome you to visit us and see for yourself. I would be delighted to meet with you.

A very big 'Thank you' reaches to each member involved in the production of this e-magazine.

With regards

ACADEMIC CO-ORDINATOR PRE-PRIMARY AND PRIMARY

It was very rightly said that "Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations."

The pandemic has broken all the set rules of our classrooms. We have been forced to stay at home and lead a cautious life. However, the education of children is not a matter to be taken lightly and thus we teachers have become the frontline warriors. Education cannot remain standstill. Children cannot be allowed to loose years of valuable educational foundation.

Ms. Soma Biswas Academic Coordinator

We teachers have geared up to continue to impart knowledge to our pupils through the online platform. Unconventional as it was, school must go on and therefore it shifted from school buildings to homes. Last year and this year, though challenging, has taught us to view education with a different perspective. We were challenged at every step we took, obstructed in every thought to promote education, but we preserved and changed and moulded ourselves to suit the need of the day.

We not only focused on academics but also groomed pupils through various online competitions, examination and co-curricular activities.

Several activities were conducted to break the monotony of Online learning, like Poster making, Sharing and Caring during Diwali, Reading, Celebration of Teachers Day and Children's Day, Christmas Activity, Elocution and Dance Competition.

Our little cherubs learnt morals, art as well as lessons. All in all, though challenging, the year 2021 has been fulfilling. As a co-ordinator, I am glad that I have been successful in my aim to educate young learners and impart knowledge, despite all these hurdles.

ACADEMIC CO-ORDINATOR SENIOR SCHOOL

"Let us remember: One book, One child and one teacher can change the world."

-Malala Yousafzai

The Assembly of Christ School is a dynamic learning platform that stands as a symbol of hard work and determination. We focus on the interactive connection between experience and education.

The saying goes "Education is the most powerful weapon which you can use to change the world."

We are working diligently to establish a safe, trusting and collaborative culture that is of utmost importance in achieving students success.

It gives me immense satisfaction working with the team of dedicated teachers who believe that every child can evolve into someone significant, with strength of character and can contribute efficiently to our community.

"For, each man can do best and excel in only that thing of which he is passionately fond, in which he believes, as I do, that he has the ability to do it, that he is in fact born and destined to do it."

Homi Jehangir Bhabha - The Father of Indian Nuclear Programme

This house is named after such a person who is known for his perfection, purpose and excellence and we are proud to be a part of this house - **BHABHA HOUSE**. Competitions not only motivates the students and drives them to put forth their best efforts but also ignites a spark of interests within them. To encourage and bring out the skills, talents and creativity among students, our school The Assembly of Christ conducts several activities which is though challenging but on the other hand becomes the mode of entertainment. List of some activities which took place in the session 2021 - 2022 are as follows:

<u>Rabindra Jayanti</u>: To mark the 160th birth anniversary of nobel laureate Rabindranath Tagore, our young minds and teachers tried to pay a small tribute to honour the polymath through their songs, dance performances, recitation and speech. A video was prepared and uploaded in the school page.

<u>Drawing Competition</u>: To explore the creative potential of the young minds through their art work, a virtual based drawing competition was being organised on 11th and 12th May, 2021. It acted as a mode of positive reinforcement and also helped the children to increase their visual analysis and concentration.

<u>Elocution Competition</u>: An elocution competition gives students a good opportunity to combat with the fear of Glossophobia i.e. public speaking. To achieve positive attitude and confidence among the students, elocution competition was conducted in three mediums of language i.e. English, Hindi and Bengali in which our house bagged 2nd, 1st and 4th position respectively.

<u>Dance Competition</u>: As there is a quote which says, "Dancers don't need wings to fly.", somewhere its true because dancers fly through their moves. Similarly, the participants of our house swayed into their moves and grabbed 3rd position in whole.

<u>Story Telling Competition</u>: A good orator is one who knows his audience and is gifted with words which can connect him to his listeners. The participants of Bhabha house tried their best to reach their spectators through various phrases and sentences and secured third position.

"The pressure to win is less important than having fun and learning new the motto that we follow in Bhabha house and try to motivate and help developing their problem - solving skills.

Education without co curricular activities is like educating the mind without educating the soul. School life cannot be imagined without ongoing inter-house debates, elocutions, dance and singing competitions. We started our journey with a view to boost the confidence and spirit of independence of every child and give equal footage to them through these activities.

According to Warren Beffet, "The most important investment you can make is in yourself". We believe that every pupil is gifted with various skills. It is our duty to nurture them and help them expose their talents. Participants of Bhabha House have tried their best and will show their supremacy through our constant monitoring in future.

Elocution Competition: Pupils displayed their oratory skills by reciting some very interesting poetic verses and bagged second prize in both Hindi and English category.

Dance Competition: Inter house dance competition began with great jest and excitement. Our participants dressed in colourful costumes set the stage on fire with their thrilling performances. Our participants acquired the first and second position in classical and folk dance.

Our participants have tried to express and explore themselves in areas depending upon their interests, skills and talents and tried to make this year a promising one for us.

"Life loses half its interest if there is no struggle – if there are no risks to be taken". Subhash House has been named after the great personality, Netaji Subhash Chandra Bose. In these chal lenging times, our students have shown their expertise in every field. Be it on the school campus or on the virtual platform, they have faced every challenge with grit and determination.

With these sentiments I would like to express my heartfelt gratitude to the parents and guardians for helping the children to participate in online competition organized by The Assembly of Christ School, Titagarh. The emotion of people, as we analyze, have moved from fear to anger, depression and helplessness. We are still under the shadow of death, however we are trying to find a silver lining on the dark cloud. I am sure that the dark time will end soon. The pupils of Subhash House participated in several activities that were held with great enthusiasm throughout the year.

Drawing Competition: "Art enables us to find ourselves and lose ourselves at the same time". Inter- House Drawing Competition was held on 11th and 12th May respectively. The students created magnificent paintings on paper with colours. They participated with great enthusiasm and zest. The theme was self-expression.

Elocution Competition: The next event of the year was the Inter- House Elocution Competition which was held in all three languages on 4th,5th and 6th August respectively. To upgrade the students in every language the competition was divided into three categories such as English, Hindi and Bengali. Subhash House secured 1st position in English Competition, 2nd position in Hindi Competition and Bengali.

Dance Competition: The Assembly of Christ School organized an Inter- House Dance Competition on 27th August, 2021. All the participants showcased their talents. There were a wide variety of performances. The participants dressed in colourful costumes, twirled around and set the stage on fire with their thrilling performance. The competition was a huge success. We bagged 2nd position in this competition.

Story Telling Competition: As a learning tool, storytelling can encourage students to explore their unique expressiveness and can heighten a student's ability to communicate thoughts and feelings in an articulate, lucid manner. It helps improve their language skills, instills a love of reading and stirs their imagination. To encourage the skills of listening and reading, a story Telling Competition was held on 15th November, 2021. We secured 1st position in this competition.

Singing Competition: Music binds our soul, hearts and emotions. It cheers the spirit and lightens the heart. To bring out the singing talents of the students, an Inter- house Solo Song Competition was organized by our school. The singing competition was held on 14th January, 2022. The children sang the songs with confidence and passion.

"Be thankful for each new challenge, because it will build your strength and character" The students have been taught to accept every challenge in life with dignity. They need to learn to overcome obstacles that appear in their journey. Overcoming obstacles is important because ability to overcome obstacles allows us to move forward in life, and not be held back by the challenges that we face.

The desire to win has always been the driving force of Subhash House. This is the reason why all the students and teachers of Subhash House have put their best and participated with great enthusiasm in all the house activities. The session 2021-22 has been very promising for us, yet we got through all the ups and downs with great endeavour.

<u>ELOCUTION COMPETITION</u>: The participants gave their best in reciting English and Hindi poems. We bagged 2nd position in both English and Hindi Elocution in Group A. Everyone performed well.

<u>DANCE COMPETITION</u>: Dance is an art. Students expressed themselves brilliantly through different "mudras". All the participants showcased their outstanding performance and t made us feel proud. We secured 2nd and 3rd position in Group A and B respectively.

We, the members of Subhash House, strongly believe in accepting the challenges that come on our way so that we can feel the exhilaration of victory.

Rabindranath Tagore, in one of his poems, asked us to accept everything may it be good or not enough good, with spontaneity. We, the members of Tagore House, have always kept it in our mind and accepted every challenge spontaneously even in the year afflicted with the moroseness of pandemic. Throughout the academic year 2020-21, we had worked together motivating the children belonged to this House. This togetherness and fellowship among the teachers and the pupils allowed us to overcome every hurdle and succeed. As no adversity could restrain the enthusiasm of both the teachers and pupils, our school, The Assembly of Christ School, Titagarh, could manage to carry on with the co-curricular activities by organizing a number of competitions.

- 1. <u>Drawing Competition</u>: Just like every year, this year too our school organized a Drawing Competition in order to encourage the pupils to spread their wings of imagination through painting. It was held on 11th and 12th May, 2021 respectively using the virtual platform of Zoom. After they finished their painting, the pupils uploaded their work under the given assignment in google classroom. Our esteemed judge Mrs. Anindita Chakraborty, evaluated the paintings and chose the first three top participants from each group. The children of Tagore House showcased their colours of mind through wonderful paintings.
- 2. <u>Elocution Competition</u>: On 4th, 5th and 6th of August, 2021 English, Hindi and Bengali Elocution Competitions were held respectively using the platform of Zoom. Ms. Anwesha Mitra, Mrs.Roshan Ara and Mrs. Amrita Chatterjee adorned the positions of judges in the corresponding competitions.

The pupils of Tagore House augmented the prominence of this competition with their remarkable performances.

- 3. <u>Dance Competition</u>: On 28th August, 2021 our pupils took part in Dance competition held on the platform of Zoom. Mrs. Debasree Chakrabarty was invited to assess the dance performances of the pupils. In this competition, Tagore House showcased outstanding performance by emerging the first position among all the Houses.
- 4. <u>Storytelling Competition</u>: On 15th November, 2021 Storytelling competition was organized in order to test the pronunciation, voice modulation, improvisation and delivery of speech of the pupils. **Ms. Anwesha Mitra** evaluated the performances of the participants as our esteemed judge. This competition was another accomplishment for Tagore House as in this competition too, our House achieved the first position.

5. <u>Singing Competition</u>: On 14th January, 2022 a singing competition was organized in which Mrs. Chaitali Chatterjee embellished the event by evaluating the performances of the children. All the participants from Tagore House gave their best efforts and acquired a successful outcome.

While concluding this report, we pray to Almighty to bless us with same solidarit and cooperativeness forever.

As said by Rabindranath Tagore, "Reach high, for stars lie hidden in you. Dream deep, for every dream precedes the goal." So, we tried to bring out the excellence so that they can dream big and strive to become skilled in their endeavours. This year had been a promising one for us.

Elocution Competition- It is an immense pleasure to share that this year began with the glorious victory of Tagore House team in the Inter House Elocution Competition. In every group (A & B) and in every category (English and Hindi) they proved their supremacy and bagged the first position.

Dance Competition-Inter House Dance Competition brought forth a lot of talented artists from various contesting houses in 2 groups that is Folk and Classical. Though we couldn't win in both the groups but our students managed to acquire the 1st position in Folk group and 3rd position in Classical group.

Tagore House is passing away all the obstacles and trying to make its way to progress, under the able guidance of House Teachers. We hope to come out with more excellence in future.

"Every champion was once a contender who refused to give up." The Assembly of Christ School, Titagarh, engages all its pupils to various kinds of activities every year. It is the school motto to make a child aware of its surrounding. These activities incorporate social, moral, cultural and ethical values in a student's mind. It also helps them to come out from shyness and to build a better personality. Our Teresa House students gave a tough fight in every competition.

Drawing Competition

Drawing makes a student's unique vision shine. The children of Teresa House enthusiastically tried to paint their imagination with colours. They competed to learn newer ideas and enjoy brainstorming with colours.

Elocution Competition

Elocution competition prepares students to become good orators. It helps to enhance the skill of different languages like English, Hindi and Bengali. Our students were happy and excited in getting the opportunity to participate. We scored well. Teresa House stood runners up.

Dance Competition

It was another opportunity for the students to show their talent in the field of dance. The Teresa House students performed gracefully and secured second position once again. Every step of their hard work paid off well.

Story telling competition

The art of reading was transformed into speaking. Our children spoke on different stories with maturity and confidence. They enjoyed themselves learning to use vocabulary in the correct text with its meaning.

Singing Competition

Music has a special power to create a magical moment anytime and anywhere. Our students tried hard and soul to win the judge's heart. As we were not so good this time, we lagged behind. Teresa House will fight action achieve the final goal for the next time.

Being members of Teresa House, we have always tried to boost the pupils to nurture their hidden talents in fields of their interest. We started our journey with a view to earn honour and add features to the dreams of the achievers. 2021 was an eventful year and pupils took active participation in the following events to show their talents in the respective fields.

<u>Elocution Competition-</u> It is a culmination of voice quality, speech, content and delivery standards. The teachers and pupils rehearsed day and night to bring success to the House. In every group (A/B) and in every category (English, Hindi) they proved their excellence by bagging various positions.

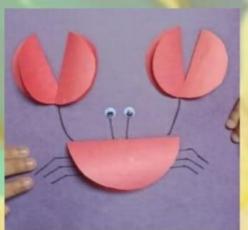

<u>Dance Competition-</u> Inter House Dance Competition brought forth a lot of talented artists from different competition houses in 2 groups that is FOLK and CLASSICAL. Though we couldn't win in both the groups but our pupils achieved 3rd position in Folk group and 4th position in Classical group.

Milk Day

In order to highlight the importance and the significance of milk and dairy products in our everyday diet chart, Milk Day was celebrated virtually on 13th May, 2021. Pupils of Lower Nursery who made milk pouches by folding papers and making funny drawings related to milk and cows on those pouches. The children of the Upper Nursery were asked to hold a glass of milk in their hands and take a sip of it. The pupils of Kindergarten made milk bottles with white paper and drew cows on them. The respective teachers explained the importance of milk to the children in the allotted activity class.

MAGAZÍNE

Sand in Sand

Sand activity helps the children to develop motor skills building hand and eye coordination. The children of Lower Nursery drew objects and figures using glue and sand on black chart paper while the pupils of Upper Nursery sprinkled sand over a design roughly drawn on a sheet of paper. The children of Kindergarten drew a scenery on a black chart paper using sand and glue. It was really a wonderful and joyful experience for the pupils to make something using sand.

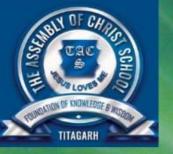

A DAY OUT

Winter comes with the vibes of outing and picnic but in these two consecutive pandemic years, our little ones could not enjoy any one of them. Keeping it in mind, our school had organized a virtual picnic activity for the children. On 26th November, 2021 the children of Lower Nursery were asked to make tents with sarees and have their favourite food inside the tents. The children of Upper Nursery also had their favourite food items like noodles, sandwiches, juice etc. The pupils of Kindergarten too did the same. Some of them even sat inside the toy tent house and had their favourite breakfast and after finishing their food, they sang and danced together. This virtual gathering offered them a good refreshment and enjoyment as well.

Leaf Activity

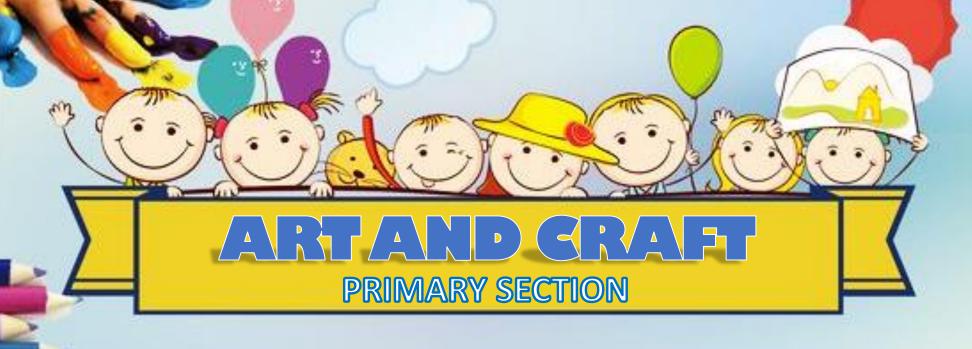

In this activity the children of Lower Nursery made penguins with deep green and light green leaves. The pupils of Upper Nursery pasted various leaves to make different shapes like that of owl and fish on a sheet of paper. The pupils of Kindergarten made squirrels with leaves.

"The mind once enlightened cannot again become dark."

To enlighten the young minds and to analyze the hidden talent among the children, our school, **The Assembly of Christ School** conduct various activities every year with the help of the teachers, who play the key role in unfolding the potential of each and every child so that they can respect their strength and become the King of their Trade, or Saviours of the World to come.

Activities held in the current session, 2021-2022, are as follows:

BENGALI NEW YEAR

PRIMARY SECTION

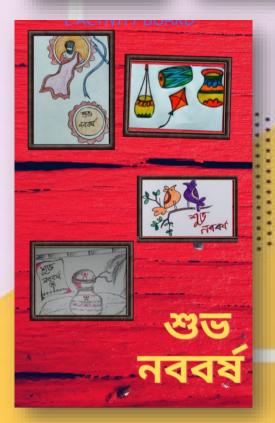

Name-Alshila Posa Class - III Sec-A TAGORE-House

It was the beginning of a new session and first activity of the month. The students were quite happy in this activity. They showed their creativity in **drawings** & paintings.

'Poila Baisakh' or 'Naba Barsho', which marks the beginning of the Bengali New Year will be celebrated with fervour on April 15 this year. People will dress up for the occasion, hold special prayers and participate in rituals and processions besides throwing feasts. While "Shubho Nabobarsho" which literally means "Happy New Year" is the traditional greeting Bengalis use on the occasion

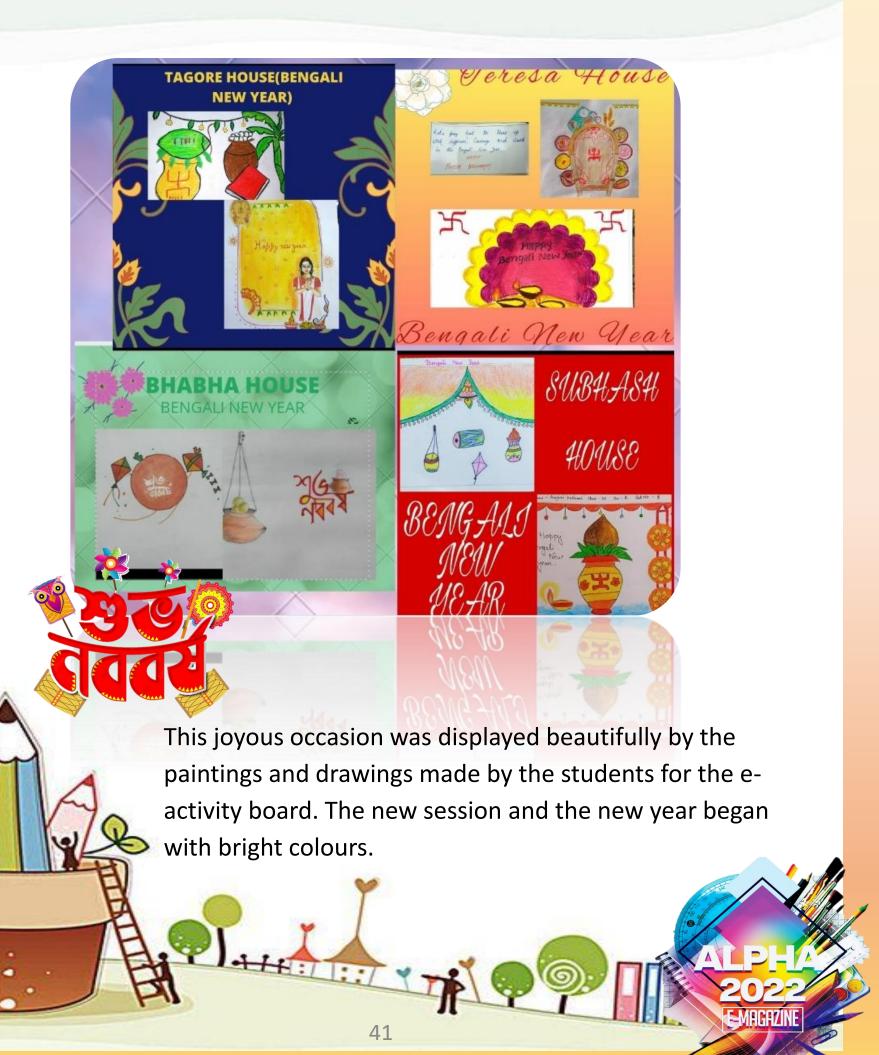

BENGALINEW YEAR

SECONDARY SECTION

RABINDRA JAYANTI

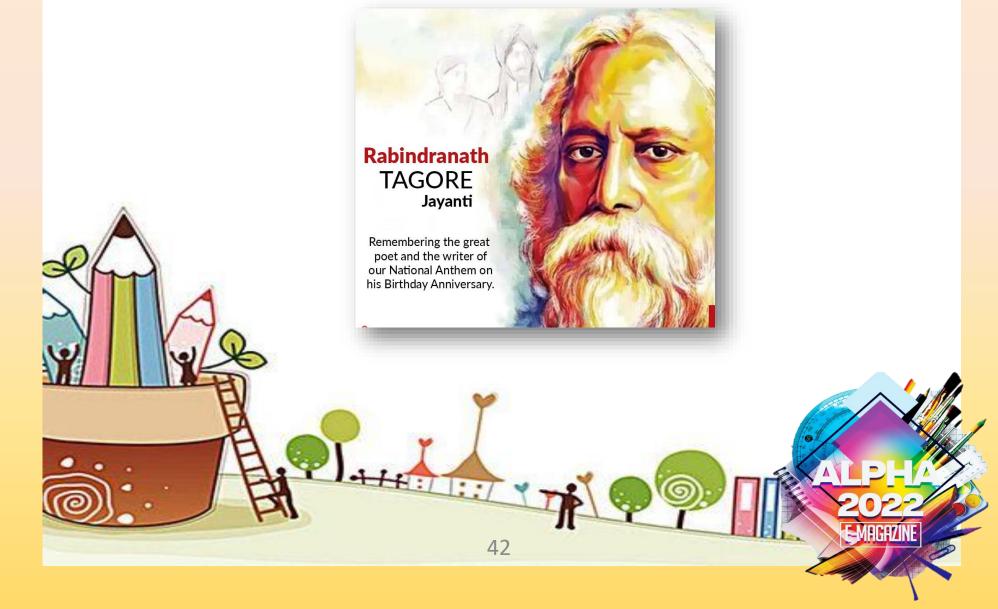

PRIMARY SECTION

RABINDRA JAYANTI is a cultural celebration to mark the birth anniversary of the luminary, Nobel Peace Prize laureate, Rabindranath Tagore.

Our students paid rich tribute on Gurudev's birthday by offering dance, speeches, singing melodious songs, reciting poems from his repertoire. Our Hindi teacher explained the greatness of Rabindranath Tagore, his achievements and how he was appreciated by each and every individual who knew him.

With the joint efforts of the students and the teachers, the whole programme turned out to be a grand success and it also marked a marvelous onstage activity.

DRAWING COMPETITION

PRIMARY SECTION

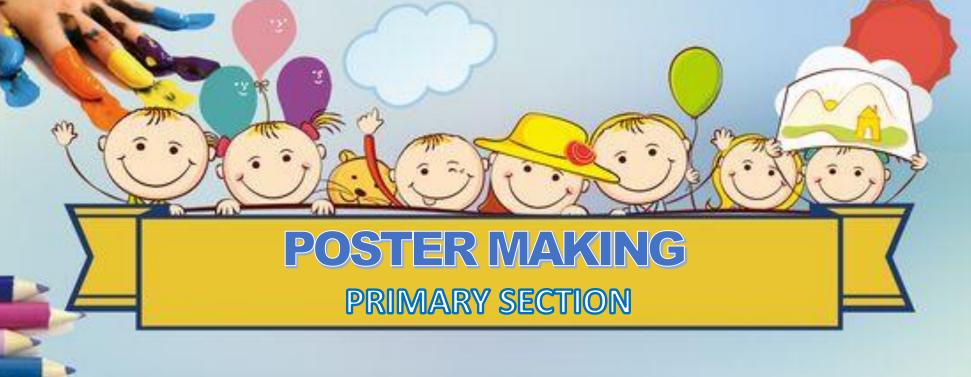

An art which helps the artist to doodle his imagination on the sheet of paper and which plays a big role in improving his cognitive domain. This year also our school organized a Drawing Competition in order to expand the analytic skills and conceptual ideas through their painting. It was held on 11th and 12th May, 2021, respectively using the virtual platform of Zoom. It was mandatory for all the pupils from class I to V to take part in this competition. The finished painting of the pupils were uploaded under the given assignment in google classroom.

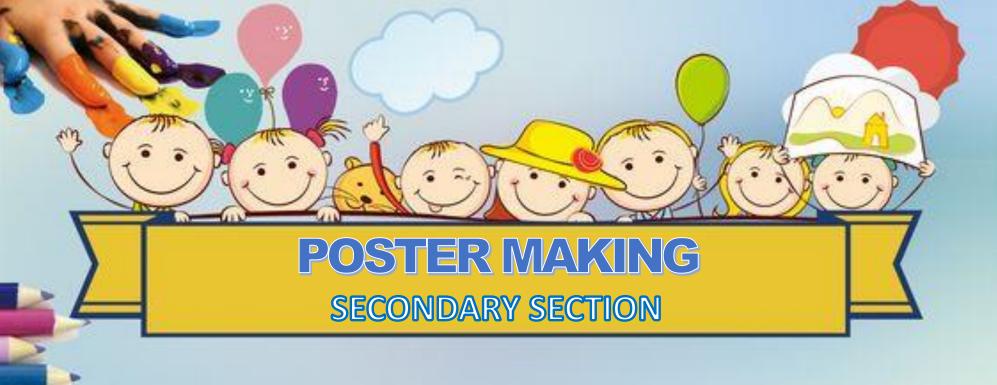

A poster speaks for itself. On 15th May, 2021, another competition which was full of creativity took place among the students of classes I- V. In Poster making competition our little ones showed their innovativeness on various given topics. Each class had been given a different topic, e.g. for class I it was Brush Painting, class II had to do Hand Painting, class III had to work on **International Family Day** and class V had to celebrate Museum Day through their postermaking. All the posters were merged in collage form and was displayed on the school's web page.

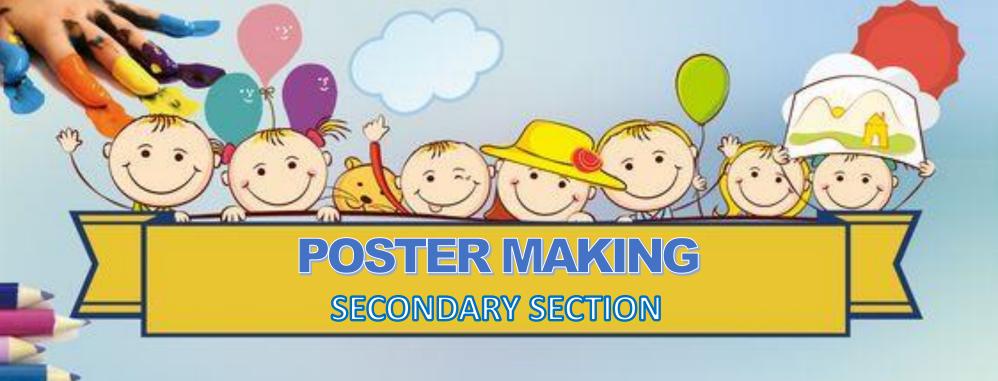

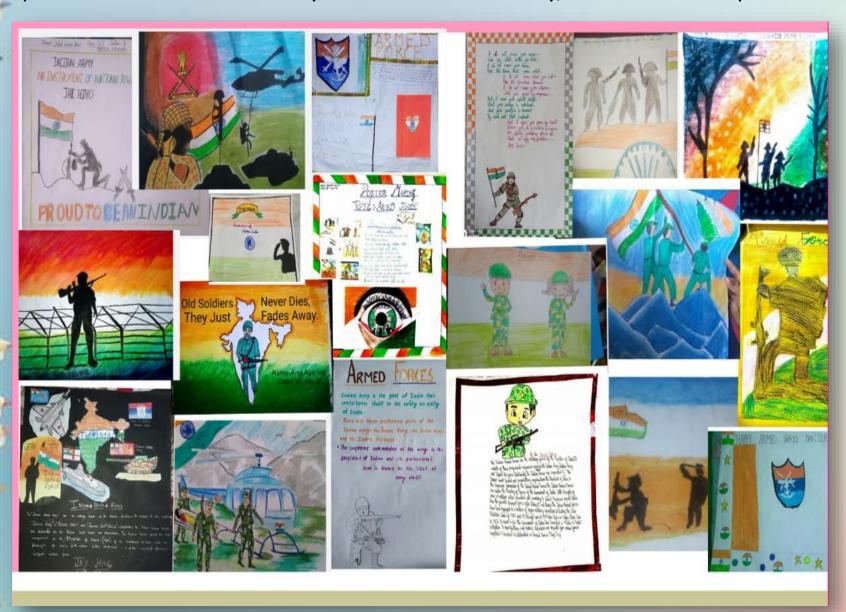

In order to ignite the fire of imagination and creativity in the students, our school decided to organize **Poster Making Activity** on 15th May, 2021 using the virtual platform. The theme of the competition was `Armed Forces `for classes VI-VIII and 'Heal the World 'for class IX Our class IX students made beautiful posters with immense zeal and enthusiasm to spread the message of love, peace, kindness, and generosity which are the keys to heal the world we are living in.

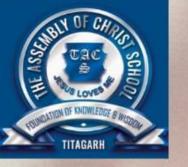

The children of classes VI-VIII, beautifully conceptualized and through their posters saluted all the army men for their bravery, dedication and patriotism.

PRE-PRIMARY

"A mother is more precious and valuable than all the riches in the world". To execute this concept, our school decided to celebrate Mother's Day on 7th May, 2021 where the pupils of the Lower Nursery made photo frames using ice-cream sticks and pasted their photos with their mothers within the frame. The children of Upper Nursery made beautiful cards with colourful papers for their mothers. The Kindergarten children made photo frames with coloured papers and pasted their photograph with their mothers. This activity made the children feel how important and special mothers have always been.

To the world, a mother is just a count but to the child, his mother is his world. To celebrate this valuable day our students did something different to make their MOM feel special. Students from Kindergarten to class V prepared cards for their mother and made them feel special by their self prepared creative dishes. Various pictures and videos witnessing the love between the mother and the child was further uploaded in the social media in the school's page.

MAGA7IN

Reading exercises comprehension and analytical abilities. It fires up imagination and stimulates the memory centres of mind. So an activity class was allotted only for class V in order to celebrate National Reading Day on 18th June, 2021. In virtual reading classes, the pupils read story books under the guidance of the teachers who helped them to read the stories with proper articulation and expression. Screenshots or snaps were taken during this activity class by the allotted teachers that were posted on the page of social media in the form of collage.

SECONDARY SECTION

Books are a uniquely portable magic. The National Reading Day was observed by our students on 13th June, 2021 to spread the message of 'Read and Grow' among all the students of classes VI-IX under the guidance of the teachers read various books of their choice to promote not only a culture of reading but also to inculcate the habit of reading among themselves.

National Reading Day!

PRIMARY SECTION

If a mother is the root of kindness and humbleness then a father is the source of inspiration and self-restraint. On the special day of 19th June, 2021, all the students from Classes I – V participated in various activities to express their respect, gratitude and love towards their fathers. Students made greeting cards, danced with their fathers and also prepared their fathers' favourite snacks. Students shared their experiences with their teachers online. All the activities were captured and combined to form a collage which was uploaded on social media.

Stretch to keep fit

PRIMARY SECTION

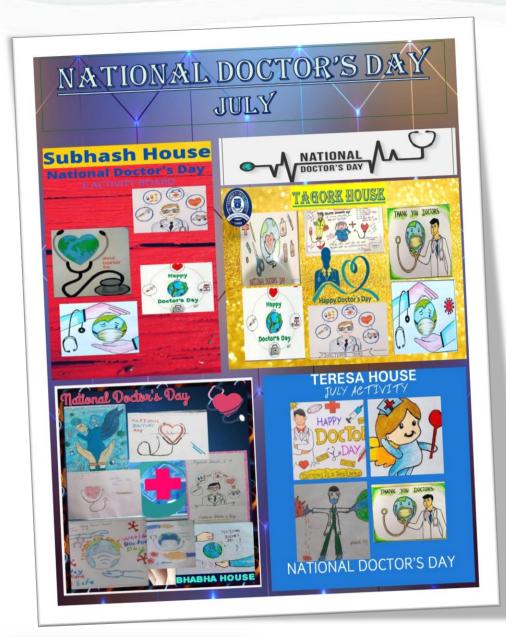

The school celebrated International Yoga Day on 21.6.21 for classes 1 to V online, to convey the message of keeping mind and body fit through asanas. The excitement of the children was palpable on screen as they geared up to celebrate the International Day of Yoga 2021 in their online classes. This time, though it was a virtual celebration, it was nevertheless exciting because of its novelty. It was a new experience for the students to celebrate Yoga day from their home as a event for the school. Students of classes I – V performed different asanas under the guidance of teachers. A video was made with the snaps of these activities and posted on social media.

DOCTOR'S DAY

PRIMARY SECTION

National Doctors' Day is celebrated on July 1 all across India to honor the legendary physician and the second Chief Minister of West Bengal, Dr. Bidhan Chandra Roy. He was born on July 1, 1882, and died on the same date in 1962, aged 80 years. The ongoing COVID-19 pandemic and its deadly second wave has once again reminded us of the role of physicians and doctors and the sacrifice and contributions made by them all over the world. Working round-the-clock shifts and putting their own health in danger, this day gives a perfect opportunity to salute their work.

Students celebrated Doctor's day with a lot of enthusiasm.
They showcased their creative skills in drawing and colouring and the result was amazing art work.
This fun filled activity witnessed

Independence Day, celebrated on August 15 every year marks the day India secured her freedom from the British rule, after a long 200 years battle of suppression and oppression by the British. Not only is India's Independence Day a historic celebration which makes one remember and honour the mighty sacrifices our courageous leader and fighters put forward for our country, but also a day to take pride, celebrate and respect our noble country's rich honour, valour, rich history, culture and tradition. Most importantly, the day makes us all remember the core value our country was built on- peace and freedom of expression

TEACHER'S DAY

PRIMARY SECTION

The light of the world, the beacon in the dark and the hope that gives the strength to the students to survive is the teacher. A day, kept aside to honour the gifted souls who work everyday to make the future of the future generation bright. This year also, for making the day special, the students of our school decided to celebrate Teacher's Day but this time it was something different because everything took place in the virtual mode. Though the mode was virtual but the efforts, love and the respect was real. A special video was prepared which included songs, dance performances, recitations etc. and finally it was uploaded in the social media.

SECONDARY SECTION

""A teacher takes a hand, opens a mind and touches a heart."

Teachers' Day is celebrated to appreciate teachers for having a tremendous impact on a child's life. They are the ones that hold knowledge and empathy for their students. We celebrate Teachers' Day on the 5th of September because it is the birth anniversary of India's former President Dr. Sarvepalli Radhakrishnan. He was a person who loved and adored children.

Virtual Teachers' Day was filled with exciting and heart-warming presentations from the students. The program started by welcoming all the teachers and wishing them. A video compilation of photos of teachers was played followed by junior students reciting poems in English and Hindi. The tiny tots completely stole the show by walking gracefully on the ramp. The program came to an end with a beautiful dance performance by a senior student.

It must be mentioned that everything was organized very beautifully. The day was filled with lots of excitement, joy and happiness. Teachers were ecstatic for the appreciation and love shown by their dear students.

WORLD HABSTAT DAU

In 1985 the United Nations designated the first Monday of October every year as World Habitat Day. The idea is to reflect on the state of our towns and cities and the basic right of all to adequate shelter. It is also intended to remind the world of its collective responsibility for the future of the human habitat.

Technology plays an important role in making our societies more inclusive. It has a great potential in changing how people live and work and accelerate efforts to achieve sustainable development goals.

Students showcased their talents in drawing pictures on the topic of World Habitat Day and discussing newer ways of saving different habitats from being endangered.

The children of Lower Nursery made 'diya's or lamps by folding colourful papers and stuck them on a piece of chart paper. The pupils of Upper Nursery made lanterns with glitter, foam sheet and the children of Kindergarten made Diwali wall hangings using mount board, six 'diya's with coloured papers and small threads.

The festival of lights

PRIMARY SECTION

The festival of lights, the festival which is considered as a new beginning and the triumph of good over evil and the light over darkness is Diwali. This year our students instead of bursting crackers and spreading noise and air pollution decided to celebrate it in a different way by spreading an act of kindness. Their small effort of distributing sweets and candles to the needy people didn't made a big difference but brought a sweet and small smile on their face. This was witnessed by the snaps that were being taken during this act.and sweets. It was the small gesture to spread love and kindness on this day.

WORLD KINDNESS DAY

PRIMARY SECTION

World Kindness Day, a global day to promote the importance of being kind to each other, yourself and to the world is celebrated worldwide on November 13. Its purpose is to reinforce that it is compassion that links us all together and has immense power of bridging the gap between nations. With random acts of kindness. we not only make somebody else's day, but also add joy and happiness to our own lives. On this day a small effort was made by our teachers and dear students who tried to help the needy people with some gifts, flowers and sweets. It was the small gesture to spread love was kindness on this day.

The heroics of Santa Clause

Lucy was roaming alone in the jungle of Sherwood Forest in search of some ripe blackberries. It was a jungle full of dangerous and creepy animals. There were many legends and myths telling that the famous archer of England Robin Hood was buried under a big tree and that every night his spirit would come and pounce upon it's prey to satisfy it's evil hunger. Lucy was absolutely unaware about this creepy legend and tat spirit of Robin Hood was watching her. His mouth started to water and a faint evil smile spread across his face, saying, "Today, I will have a great feast". So, he jumped in front of her and before she could say anything, he picked up his bow and arrow and shot at her. But a miracle happened, the arrows broken into pieces in mid air. "What! Who dared to break my arrow?! I will kill him too!." Robin yelled, but suddenly Lucy looked up at the night sky, to her surprise she saw a silhouette that resembled the Father CHRISTMAS and yes, no doubt it was himself smiling and flying high above the sky with his pile of gifts, his sledge and his group of mystical deers. Robin trembled in fear and went back and went back to his burial place and promised never come back again.

Lucy thanked Santa, then he gave her a gift of magical locket that would protect her from all kind of evilness. Then all returned to their own place.

An elocution competition gives students a good opportunity to combat with the fear of Glossophobia i.e. public speaking.

To achieve positive attitude and gain confidence among the students, every year our school conducts elocution competition in three mediums of language i.e. English, Hindi and Bengali.

This year the themes for various groups are as follows:

Group A: Any poem Group B: Sky / Cloud Group C: Childhood

Group D: Country/ Nature/ Environment

English Elocution: The Poem recitation helps the children to pick up patterns and sequence in poem recitation. On 4th August, 2021, our students took part in this competition and narrated the theme based poems. Participation of students was done house-wise. First of all every student had to pass through preliminary round and after being analyzed by the respective house teachers, one student from each group was selected for the final round. In the final round all the 16 students(four from each house) were evaluated by our esteemed judge Ms. Anwesha Mitra and top three participants from each group were concluded as the winners.

<u>Hindi Elocution</u>: The skill which requires proper use of intonation, diction and pronunciation. To upgrade the students in every language, the Hindi elocution was also conducted by our school on 5th August, 2021. Here also same procedures were follow to select the students for final round. The finalists were judged by **Mrs. Roshan Ara** and winners were listed and the chart was uploaded in the webpage.

Bengali Elocution: Learning a new language can be difficult but with constant practice and dedication it can be interesting and easy. This time our students also took in Bengali elocution competition which was held on 6th August, 2021. Format and rules were same and the participants had to recite the Bengali poems on the given themes. And the judgement was done by our honourable judge Mrs. Amrita Chatterjee. Final result was shared with the students via social media.

WHAT A JOKE!

As we know, human is the cleverest animal in the whole world, but sometimes we laugh at their cleverness. They say, "SAVE TREES TO SAVE LIFE".

Trees give us fruits, flowers, oxygen and they also help in controlling climate.

But in the whole world, human is the only living being who cuts trees and makes papers out of it and on that papers they write "SAVE TREES".

Instead of cutting down trees man should plant more trees and save life

AN ENCOUNTER WITH A GHOST

On the new moon night, when the nights are the darkest and silent, my father was returning from his work. The clock's hand struck at 1:00 a.m. He was walking through a stone – bricked path that was overgrown with mosses. But he wasn't aware of the fact that a boy was murdered there a few days ago.

When he reached the gate of our house, he heard a noise coming from the bushes. He turned but saw no one. He simply headed towards his home. Then again he heard the same disturbing noise, so he peeked out of the window and saw a boy covered in blood coming out of the bushes and vanish after a while. My father's blood ran cold and he collapsed.

COUNTING BLESSINGS

How blessed are some of us to be able to stay safe at home reading, working, cooking, learning, developing new skills and indulging in activities that make us happy even during the pandemic. How blessed are some of us to get another day to be around the people we love, to be surrounded by the people who love and care for us.

How blessed are some of us to be able to connect with our close ones virtually if not physically in this situation.

No one is really prepared for God's greater plans but seeing the light in the midst of darkness can help us keep stronger, positive and appreciative of little things we are blessed with.

Today as I write and share this, I feel blessed to do it from a safe corner of my home and as you read this, I hope you are reminded to embrace your blessing as well.

BANYAN TREE: A COMPANION TO HUMANITY

The Banyan Tree is one of the most miraculous trees – not only in the way of its appearance, but of its way of efficacy. Banyan Tree is known as the National Tree of India. In Indian culture, the tree is considered to be sacred and the leaves are considered to be the resting place of Lord Krishna. Lord Buddha attained Enlightenment while sitting under the banyan tree. There are numerous ways of utilization of this magical plant. From medical of recreation- it helps us all. There's no part of life in which this tree doesn't aid humanity. God has given it the power to survive for a very long time.

I believe humans should try to adopt the quality of this tree – being very productive and helpful to all. The tree is always ready to give a helping hand towards all living forces and for spreading its branches of shade and helpfulness to all. Likewise, human beings should take this as an ideal and spread their help towards people in need and should never hesitate to pass on the good.

MOTHER

'God could not be everywhere so he created mother' and 'to the world she is a mother but to us she is our world'.

Mother is the one who carries her baby in her womb for nine months and bears a lot of pain while delivering. She forgets every pain she bears because she is satisfied that she has given birth to a new life in this world.

When a baby is born to a mother, she has to feed him, change his diaper and take care of her child. A mother has the toughest job in the world which she does without any hesitation. When her child speaks the word 'mom' or 'mummy' for the first time, her heart melts with happiness. When her child walks for the first time, she is on another level of happiness.

The mother is the first teacher or adviser who helps us to know the difference between good and bad. She also plays the role of a doctor who applies medicine on our wounds. The natural state of motherhood is unselfishness as she always puts us before her.

Sometimes she scolds us but immediately after that she comes to us and makes us understand our fault. She knows every way to reach our heart by making our favouraite dishes or by buying something for us. Mother is the one who loves her child unconditionally after God. She is far more precious than jewels.

To understand the deep love of a mother towards her child one has to pass through that stage. Love and sacrifice that a mother makes throughout her lifetime is beyond comparison. The emotional foundation that is created within a child is only because of one architect i.e. mother. Playing the role of a mother is not at all easy but still every mother successfully fits in it whereas a child on the other hand fails to become the backbone of his same old mother who was once his base. There is a saying —"A mother understands what a child does not say but a child needs to be a parent to understand parent's love"

<u>डाकिया</u>

डाकिया मेरा नाम चिट्ठी पहुँचाना मेरा काम।

सभी के सुख-दुख को मैं बांटू,

सभी के जीवन में खुशियाँ फैलाऊँ।

आंधी आए या तूफान, चिट्ठी पहुंचाना मेरा काम। मैं सबके मन को भाऊँ,

जगह-जगह मैं चिट्ठी पहुंचाऊँ।

किसी के मन की व्यथा सुनाऊँ, किसी के मन को ख़ुशी पहुंचाऊँ।

यही है मेरा काम,

डाकिया मेरा नाम। डाकिया मेरा नाम।

'सोच' एक छोटा-सा शब्द है, जो पूरी दुनिया को बदल सकती है। जब हम किसी भी कार्य को करने की सोचते है, तभी वह कार्य होना चालू हो जाता है। सोच अगर अच्छी हो तो व्यक्ति महान बन जाता है। जितने भी प्रसिद्ध व्यक्ति हुए हैं, उन्होंने भी कुछ सकारात्मक सोच रखकर ही कार्य किये होंगे, तभी वह प्रसिद्ध हैं। एक सकारात्मक सोच हमारे जीवन में बहुत बड़ा महत्व रखता है। लक्ष्य को पाने से पहले भी व्यक्ति उस लक्ष्य के बारे में सोचता ही है। आज वर्तमान में प्रधानमंत्री नरेन्द्र मोदी जी हैं, उन्होंने भी भारत को स्वच्छ और नए भारत के निर्माण की सोच रखे हैं। विद्यार्थी भी अपने आने वाले कल के बारे में सोचते है। चलो, हम सब मिलकर सकारात्मक सोच रखें तभी हमारा समाज और देश बदलेगा।

हमारे शुभ चिंतक होते हैं गुरु, जिनके आशीर्वाद से नई जिंदगी शुरू। मार्गदर्शन करते, खूब पढ़ाते, सही गलत का मतलब बताते। जैसे-जैसे हम बढ़ते जाते, गुरु के रूप भी बदलते जाते। गलती करने पर हमें डराते, सफलता पाने पर प्यार जताते। गुरू न होते तो क्या होता हमारा? वें ही है बच्चे का मज़बूत सहारा। प्रथम गुरु है मेरी पूज्य माता, जन्मदात्री मेरी, वहीं भाग्य विधाता। गुरु ज्ञान भ्रमित मन की शीतल छाया, उदार हृदय अपरिमित माया। निज ज्ञान से करते हमारा कल्याण, कोई न कर सकता उसका प्रतिदान। पूज्य गुरु के सम न दिखता कोई, अज्ञान के अंधकार से निकाल मार्ग दिखाते, भले-बुरे की सच्ची पहचान बताते। मानव के लिए होता सर्वोत्तम विद्यादान, इसी से गुरु त्रिदेवों से भी अति महान।

छोटी सी अभिलाषा

बनूँ एक पौधा कि पर्यावरण स्वच्छ बने ।

बनूँ एक शिष्य, जैसे कि एकलव्य बने ।

बनूँ एक गुरु कि हर शिष्य राम बने, लक्ष्मण बने ।

बनूँ एक गृहिणी जो घर के सुख का आधार बने ।

बनूँ एक नागरिक कि जो देश का सम्मान बने ।

बनूँ एक नेता जैसे अब्दुल कलाम आजाद बने ।

बनूँ एक राष्ट्रभक्त जैसे बापू, बोस, आजाद बने ।

है एक छोटी सी अभिलाषा कि काम करूँ कुछ ऐसा

कि अपना देश महान बने ।

धर्म से नही कर्म से पहचान करवाया है , तूने हमें अपने आप से मिलाया है हम क्या है ? क्या कर सकते है ? यह बताया है इस टेक्नोलॅजी के जमाने में , इस टेक्नोलॅजी से चैलेंज लेना सिखाया है , कभी गृहणी के रूप में , तो कभी सखी के रूप में गूगल असाइनमेंट बनाना सिखाया है...... कुछ तो नहीं लेकिन बहुत कुछ तो सिखाया है आपने एक गुरू की तरह एक मित्र की तरह एक भाई की तरह कुछ देने के काबिल तो नहीं लेकिन बहुत कुछ देने के काबिल बनाया है आपने दुआएँ तो सब देते है लेकिन दुआएँ देने के काबिल बनाया है आपने
